Strophe 1:
I can tell about a story
of a sexy tricky girl
She always looks into the mirror,
her eyes are true, like golden pearls
when I'm looking out my window,
I see my Lady in Love

Strophe 2:
Day and Night I see her face,
anytime I smell her hair
Oh,..I like this kind of Woman,
she makes me crazy everywhere
when I'm looking out my window,
I see my Lady in Love

Refrain:
In the Night she looks like Venus,
and in the morning like a sphinx
I never can forget the moment,
when she opens up her wings
She's like a ghost, she's like a gunner
and my head goes around and around and around she's my lady in love
