Strophe 1:

Lies, border your lane
Love, faith , all was in vain
You turned and you ran, you ran away from me
Blind, but now I see

Refrain:

Six years of torture, six years of pain
Now life goes on, gonna break my chain

Strophe 2:

Games, you played those years
Vows, soaked in tears
You took all my love and cash for free
Blind, but now I see

Refrain :

Years of desire, longing for luck
Your view of love it really suck
six years of torture, six years of pain
Now life goes on, gonna break my chain

Strophe 3:

Peace, my heart is cured
Life, new aims are ensured
No trouble no more to hit on me
Blind, but now I see
