### Strophe 1:

Lies, border your lane  
Love, faith , all was in vain  
You turned and you ran, you ran away from me  
Blind, but now I see

### Refrain:

Six years of torture, six years of pain  
Now life goes on, gonna break my chain

### Strophe 2:

Games, you played those years  
Vows, soaked in tears  
You took all my love and cash for free  
Blind, but now I see

### Refrain :

Years of desire, longing for luck  
Your view of love it really suck  
six years of torture, six years of pain  
Now life goes on, gonna break my chain

### Strophe 3:

Peace, my heart is cured  
Life, new aims are ensured  
No trouble no more to hit on me  
Blind, but now I see
