Strophe 1:
My way down
Ain’t gonna be nice
Long road down
All covered with ice
My way down
Its rough, you see
All the troubles I threw off
Comin’ back at me
Every Saturday night
No lovin’ and fights
What can I do wrong
Nothin’ goin’ right
All my bills unpaid
A little money I made
A bullet through my head
Would be my last mistake
My way down, my way down
My way down, my way down

Strophe 2:
My way down
Ain’t gonna be nice
Long road down
All covered with ice
My way down
Its rough, you see
All the troubles I threw off
Comin’ back at me
Crowds getting smaller
Aggregation governs our life
All this pressure on me
Tell me what I gotta be
Don’t know what I did wrong
To make this journey so long
I get right out this door
then I’ll be dead but on
On my way down, my way down
My way down, my way down
